Start and Landing Area

Find out what F5K is about

The Contest Director for the “F5K contest in Losser” has decided that the very first F5K will be held tomorrow, Saturday 12 October !!

Nominal launch height:

The wind expectations for tomorrow are as follows (you can check this here <https://www.windfinder.com/forecast/twenthe>)

zaterdag, okt 12

02h	05h	08h	11h	14h	17h	20h	23h
							
8	8	8	8	6	3	1	2
							
16	16	16	13	11	6	1	3
							
							
1					0		
14	13	13	14	15	13	12	11
1003	1002	1003	1004	1005	1006	1007	1007

Windspeed 11h: 8 m/s
 Windspeed 14h: 6 m/s
Windspeed 17h: 3 m/s
 Average speed: 5,6 m/s

Nominal launch height for the F5K Losser Open on 12-10-2019: 70 mtr.

Settings for your Altis Nano:

Altitude switch : 70 meters
 Time switch : 8 seconds
 F5K flights : 4 flights (70 meters)

The CD may decide to change the nominal launch height in the event that the actual wind speed is very different compared to the expected wind speed.

See you tomorrow!!
